

New Election, Same Old Blood

14 Votes

For my listeners and past readers, even the trolls among you, this info should certainly come as no surprise or as anything new. For we have shown that only the private bloodline, that preambled Posterity of those founding representatives of “white persons” can become president, and of course “they” are all related by their “legitimate” lineage written by hands in their own fabled genealogies. There is never a choice in these elections except between two cousins, not that the common public actually elects anybody by merely participating in the limited voting franchise. Voting is not electing. But that doesn’t stop anyone now does it? Voting here is only consent to standing under the State sovereignty as a principality, its majority political party, its representative(s) by agency, and nothing else. Only a fool would vote knowing his vote, no matter what, will only favor that which is opposed to him, that which enslaves him through word-magic and contracted dis-ease. Ah, the causality of illusionary choice. And every four years the charade is played out again. Billions spent. And only the bloodline ever wins. The game is fixed. The con is rigged. Suckers.

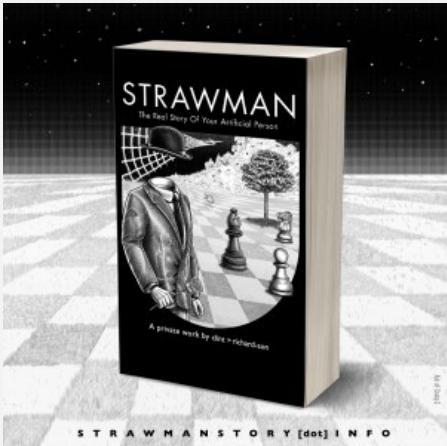

But for the continued benefit of tracking our great multitude standing in its collective idiocracy, let’s take a look at which blood relations are running for president this time around.

Below are various sources and articles for your consideration.

Shoot the messenger if you feel that will ease the pain and aid in the denial of your own disposition. One gets used to these things when one reveals the reality of things over their perception.

If you don’t know or don’t care why all of this matters, well, its not just some deep and unfathomable conspiracy, it is merely the nature of this nation and of its political structure of sovereignty. The illegitimate and adultrerous (adult) public citizenships (that’s you) may only pretend to “popularly” (as goyim) choose between two of our already sovereign rulers (private bloodline People of each of the several States). If you don’t believe this or don’t know about who it is you pledge allegiance to (hint: it aint a flag), then just enjoy the

Donald Trump, Hillary Clinton: Candidates Are Related, According To Genealogists

Genealogists found that Trump and Clinton are 19th cousins, sharing a common ancestor from England 18 generations ago.

Aug 26, 2015

John of Gaunt, 1st Duke of Lancaster, married Katherine Swynford, Duchess of Lancaster, and John and Katherine are Donald and Hillary's shared 18th great grandparents,” reports “Extra.”

Republican presidential candidate Donald Trump and his Democratic rival Hillary Clinton don't have much in common in terms of policy, but as for heritage, the two front-runners are reportedly related.

According to a report from the “Extra” entertainment show, genealogists found that Trump and Clinton are 19th cousins, sharing a common ancestor from England 18 generations ago.

Genealogy experts at Geni.com said the real estate mogul and former secretary of state **are the direct descendants of the 14th century first Duke of Lancaster, John of Gaunt, and his wife Katherine Swynford**. Swynford was Gaunt's mistress but they later married and their children **were legitimized, according to the Daily Mail**.

“John of Gaunt, 1st Duke of Lancaster, married Katherine Swynford, Duchess of Lancaster, **and John and Katherine are Donald and Hillary's shared 18th GREAT GRANDPARENTS**,” reports “Extra.”

Hillary Clinton is a descendant of one of their children, Joan Beaufort. **Her brother, John Beaufort, is an ancestor of Trump**.

And it turns out that **their 19th great grandfather is King Edward III**, according to author A.J. Jacobs, who studied Geni's research. “**So there is a precedent for ruling a country; it's in their genes**,” Jacobs told the television program.

During Clinton's 2008 presidential campaign, researchers revealed that she was a distant cousin of Celine Deon, Madonna and Alanis Morissette. They also found that Angelina Jolie is Clinton's ninth cousin twice removed.

Perhaps more surprisingly, **President Barack Obama and former Vice President Dick Cheney are actually eighth cousins**, revealed Cheney’s wife Lynne in 2007 while researching her ancestry for her memoir, **reports The Hill**.

“Every family has a black sheep,” Obama spokesman Bill Burton said at the time.

Donald Trump and Hillary Clinton Are Related – And This is How

Posted August 25, 2015

Donald Trump and **Hillary Clinton** may be on opposing sides of the 2016 U.S. Presidential Election, but perhaps a new familial connection may help bring them a little closer. Yep, that’s right – the current leading GOP candidate, Donald Trump, is related to Democratic front-runner Hillary Clinton! As revealed today on **Extra TV**, Donald Trump and Hillary Clinton are **19th cousins**! The unexpected relationship was found through **Geni’s World Family Tree**, the definitive family tree of the entire world.

Their family trees converge at their 18th great grandparents, **John of Gaunt, 1st Duke of Lancaster**, and **Katherine Swynford, Duchess of Lancaster**.

John of Gaunt and Katherine Swynford are the parents of **Joan Beaufort, Countess of Westmorland**, Clinton’s 17th great grandmother, and **John Beaufort, 1st Earl of Somerset**, who is Trump’s 17th great grandfather.

Their relationship to each other is not the only surprise for the Presidential hopefuls. It turns out they are also related to royalty – **King Edward III of England** is their 19th great grandfather...

Obama and Bush are Cousins!

MARCH 21, 2008

Hell froze over. A month of Sundays hit the calendar. **Barack Obama and George W. Bush are cousins.**

According to **Factcheck.org**, Obama and Bush are 11th cousins, both descended from Samuel Hinckley, who lived in Massachusetts in the 17th century.

Meanwhile, Obama is also related — even more closely — to Dick Cheney. They are eighth cousins, both descended from a French Huguenot named Mareen Duvall who settled in Maryland in the 17th century.

No word on whether the Obamas are going to be invited to the Bush family reunions each summer in Maine.

Cruz held opposing viewpoints about that situation.

A.J. Jacobs figured out that Barack Obama and Ted Cruz are **related** to each other. They are cousins. It turns out that **Ted Cruz is the husband of Barack Obama’s 14th cousin once removed.** In other words, **Heidi Suzanne Cruz is Obama’s 14th cousin, once removed...**

This isn’t where the story ends, though. A.J. Jacobs found that **President Obama has 44 cousins in the United States Senate.** Many of them just so happen to be **Republican.** One of them is **Pat Roberts,** a United States Senator from Kansas. **Roberts is Obama’s 13th cousin, four times removed.** **Jeff Flake,** a Senator from Arizona, **is President Obama’s 8th cousin, three times removed.**

A.J. Jacobs wrote an article for **The Guardian** in which he lists all 44 of Barack Obama’s cousins who are in the Senate. The list includes some Senators who are Democrats, and some who are Republicans.

For example, **Mark Begich, a Democrat Senator from Alaska, is Obama’s 11th cousin, once removed.** **Richard Durbin, a Democrat Senator from Illinois, is Obama’s 18th cousin.** **Barbara Boxer,** a Democrat Senator from California, is Obama’s sixth cousin four time’s removed’s husband’s grandson’s ex-wife’s mother...

Obama has 44 cousins in the Senate. Now can’t we all just get along?

AJ Jacobs

It’s been a tough week for the Obama family.

On Tuesday night, Barack Obama’s second cousin – a radiologist named Milton Wolf – **lost the closer-than-expected Republican primary for US Senate in Kansas.** Wolf and Obama share a relatively recent ancestor, a 19th century farm laborer named Thomas McCurry. Barack leaned left, Milton leaned right – he was a Tea Party candidate who believed his second cousin was **“destroying America”**. But still, they are, officially, kin.

So now **Barack Obama** is deprived of having a cousin in the US Senate.

Or is he?

I’m working with a team of researchers who are building the biggest family tree in history. And I’ve got good news for President Obama: it turns out that the man who defeated Wolf, the incumbent **Kansas** senator Pat Roberts, is *also* his cousin. Really. Roberts is Obama’s 13th cousin, four times removed.

In fact, we’ve found that Obama has no less than 44 confirmed cousins in the Senate,

including Texas Republican Ted Cruz (the husband of Obama’s 14th cousin, once removed) and Arizona Republican Jeff Flake (Obama’s eighth cousin, three times removed). And more to come. In the next few months, we plan to figure out how all 100 senators are connected to each other. One big happy, dysfunctional family...

And admittedly, there have been plenty of political family feuds in the past. Franklin Roosevelt campaigned against his cousin Teddy Roosevelt Jr, who was running for New York governor, calling his record “wretched”. Liz Cheney and Mary Cheney **are bitterly divided on the issue of gay marriage**.

But there have also been many, many political families that found a way to work together and support each other. The Bushes, the Kennedys, the Clintons, the current congressional (first) cousins Mark Udall and Tom Udall, who have co-sponsored legislation with each other and worked with their second cousin, Senator Mike Lee, but not their double second cousin, former Senator Gordon Smith...

Then, a few weeks ago, I went down to Houston to interview my distant cousin, **George HW Bush** (just 19 steps away through marriage!). I told the former president that he’s eighth cousins with Bill Clinton. He seemed pleased. His wife Barbara Bush chimed in, saying, “I always thought he might be my son from another mother. So I’m not surprised.”...

Obama Ancestry:

Obama is of mixed African and Caucasian parentage.

His father, Barack Obama Sr., is an ethnic Kenyan Luo from the Nyanza province. His mother, Stanley Ann Dunham, is a Caucasian American of English, Scottish, Irish, French, Swiss, German and Welsh descent. Dunham's great-great-great-great-great grandfather from the maternal line, Christian Gutknecht (Goodnight), originally hailed from Bischwiller, France, and arrived here in 1749 with his Swiss-German wife, Maria Magdalena Grüholtz (1723- unknown).

Dunham's eighth generation paternal grandfather, Jonathan Singletary Dunham (1639-1724), is of English/Scottish stock. His lineage can be traced back to Edward I of England (1239 – 1307) and William the Lion (1143–1214). Robert Perry (1785-1852), her great-great-great grandfather from her maternal line, is a Welshmen. Dunham's paternal great-great grandfather, Falmouth Kearney (1830-1878), arrived in New York City in 1850 from Moneygall, Ireland.

Obama, through his maternal great-great-great-great-great grandfather, Philip Ament (1755-1836), is related to Lyndon B. Johnson, the country's 36th President, who is the great- great- great-grandson of Ament. He is also the eighth cousin, twice removed, of the 39th President, Jimmy Carter, through his seventh generation maternal grandfather, Moses Teague (1718-1799). Interestingly, Obama is the tenth cousin of former presidents Gerald Ford (once removed), George H.W Bush (once removed) and George W. Bush (twice removed) through his tenth generation paternal grandfather, Samuel Hinckley (1589-1662). Obama is, additionally, the distant relative of two more former United States Presidents, James Madison and Harry Truman, as well as former Vice President, Dick Cheney.

Jenna Bush: Hillary Clinton and I are ‘related’ through ‘Uncle’ Bill – George W Bush’s ‘brother from another mother’

Former first-daughter Jenna Bush-Hager joked about her Clinton family ties at a charity gala earlier this week.

When former Secretary of State Hillary Clinton took the stage, she spoke about the ‘special feeling of kinship’ she had for Jenna.

Here’s some family ties you may just be learning about: apparently Jenna Bush-Hager is related to Hillary Clinton.

At least, that’s what the former first-daughter said at a benefit for the Save the Children organization in New York earlier this week.

Jenna was the emcee of the gala and spoke about the family ties she had with one of the evening’s honorees – former Secretary of State Hillary Clinton.

‘I’m not sure if you know this, but Secretary Clinton and I are actually related,’ Jenna announced.

‘Yes, she’s married to by uncle Bill. Uncle Bill has become so close with my grandparents and my father...that my dad calls him a brother from another mother.’

Later in the evening, Secretary Clinton took the stage and spoke of the ‘special feeling of kinship’ she had with Jenna.

‘It is an unusual experience living in the White House and I am so proud of what you’re doing,’ Sec Clinton said. ‘So I join your Uncle Bill in telling you “keep at it”.’...

Bush’s Famous Family Tree

It was revealed recently that Vice President Dick Cheney and Democratic presidential candidate Sen. Barack Obama are **distant cousins**.

This week, thanks to a New York Post story about genealogy, we’re getting a glimpse at the rather surprising family tree of President Bush himself, reports **CBS News *Early Show* national correspondent Tracy Smith**.

We all know who the president’s father is, but what about his cousins?

Thanks to research done by Ancestry.com, we know that **Cheney, the man who’s only a heartbeat away from the presidency, is actually a blood relation to the president. He’s Bush’s Mr. ninth cousin once removed.**

Cheney’s cousin, Obama, is also Mr. Bush’s 11th cousin, and the ninth cousin of actor Brad Pitt.

But we’re only getting started: **Abraham Lincoln was Mr. Bush’s seventh cousin, five times removed.**

And Mr. Bush shared more than just a ballot with John Kerry in 2004 – that’s right, **they’re ninth cousins, twice removed.**

There’s also royalty in the Bush bloodline. **Princess Diana was Mr. Bush’s 11th cousin, twice removed.**

And then there’s this bombshell: Marilyn Monroe, known for wishing John F. Kennedy a happy birthday, is Mr. Bush’s ninth cousin, three times removed.

He’s also related to Playboy founder Hugh Hefner, Native American princess Pocahontas,

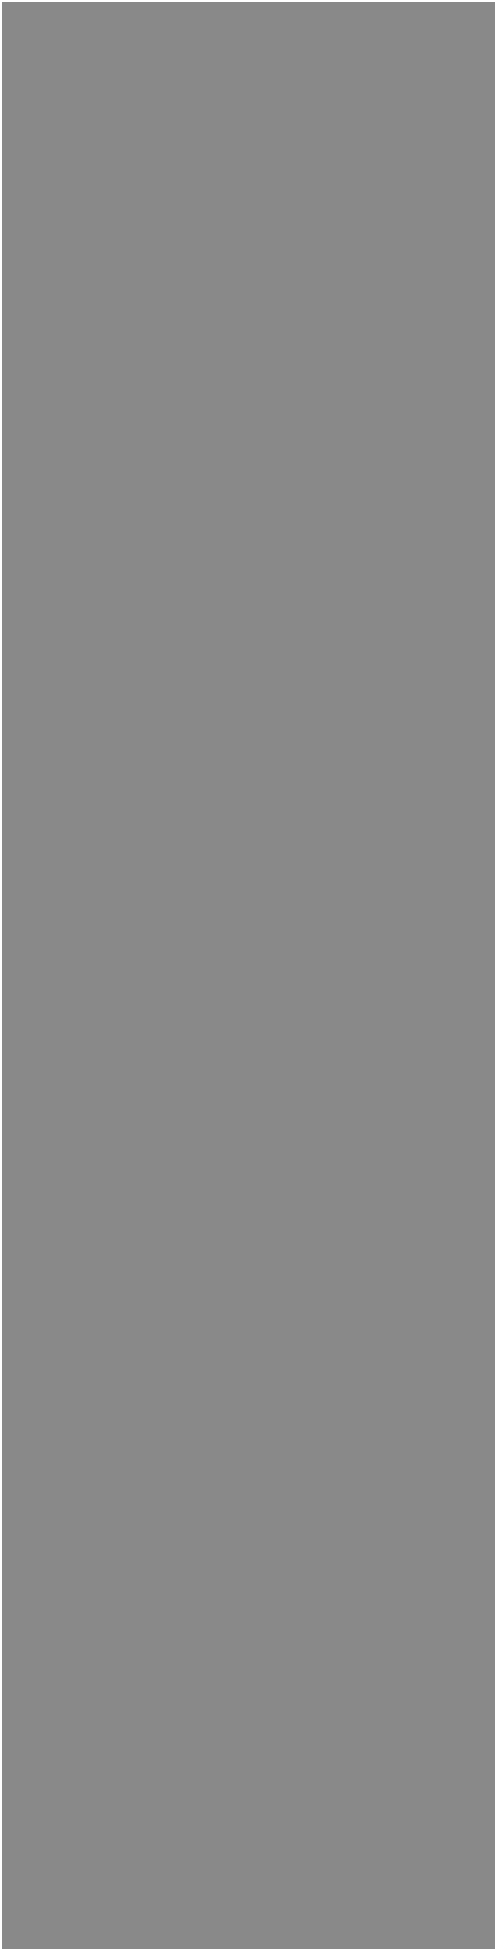

and Vlad the Impaler.

Trace the family tree far enough, and you get Madonna, Celine Dion and Tom Hanks — which shows that genealogy can sometimes be like a box of chocolates: You never know who you’re gonna get.

Thank you Clint! Still delving through all this; laughter is a normal response, if not for the bloody horror. Prophecies play out through our comPLAISant (<Lark) complicity? Really gonna miss your voice and your sharing of your lifepath's learning. Please keep us posted where and when we can hear you!

Good Job Mr. Richardson.
here is my effort on this most important subject for all to realize the implications and ramifications of what it all means.

I don't think its a big deal or as BIG a deal that people make. I got bloodlines traced going back to the Adams and Mayflower like all these people, and beyond. If you are white you are likely GOING to be related to someone in the ruling class in history at some point. guaranteed

Going over the genealogy names and knowing that Clint is a stickler on proper or should I say original spelling of words I found every single Bohemian and one Slav name misspelled. As merbaily pointed out, you've got to laugh because this is beyond our fixing anything. To change this it literally requires Devine intervention. And Clint, as always awesome work!

Thanks for keeping us up on the madness. However, I definitely lean in the direction of thinking Barry's dad was American Communist Party functionary and "Black Rebel," Frank Marshall Davis. The Obama story doesn't wash.

I am with you, I think Davis is the Baby O'Bummer Daddy. As the old saying

goes, “Mamas baby, daddy’s maybe!”

Good work Clint. Although most of it was sourcing from other materials, your persistence shines through. When my bullshit radar started going off non-stop, your blog was a life-saver, literally a life-saver. Those who know too much and are willing to express and act on their conclusions are persecuted endlessly by the passive majority. Keep fighting the good fight towards everlasting peace on earth.
