

Publicists Wanted

Greetings to all...

As the title suggests, I am seeking one or more (an organized group of) publicists for help in getting both my work out to more platforms and to garner interviews and/or other “events” that would offer the opportunity for public speaking or debate.

As many of you know, I am just days away from releasing the first of several documentary films exposing the entire technocratic medical, pharmaceutical, university, and so-called “scientific communities” that make up the severely controlled industries built up around us to govern all things. Combined, these forces are the most sophisticated (unnecessarily complicated), prestigious (illusionary/tricky), and detrimental (life-threatening) force against our collective health and well-being ever constructed.

But what I have uncovered now goes beyond these grievances that, ineffectively, are generally relegated to mere talking points between commercial radio shows. What you will see is an already well-established, well-inundated blueprint of a war against Nature, one more deadly and present than you can possibly imagine. Revolution is not a word that can describe what is needed right now. For what these so-called doctors and scientists are experimenting on and re-creating in labs are designed to kill every man, animal, plant, and microbe on Earth.

But I digress, for this will be shown in triplicate and completely sourced in my first documentary of the series, coming to you within the next week. Covid-19 is 100% a provable biological weapon, and as you will discover, in reality cannot be anything else. In other words, it’s characteristics (functions) cannot be biologically Created in Nature, only in a laboratory setting. You will no longer need to guess or wonder what it is nor who and what government agency is responsible and, God-willing, liable.

The problem is, they have also done similar biological weapons research on just about every other virus and pathogen known and even unknown to the public. Ebola, Zika, H5N1, HIV, and of course SARS and MERS are just the tip of the iceberg. They have re-created all of them through man-made mutation, known as gain of function (forced evolution/mutation) research. And the most astonishing part about this is that, behind

closed doors, they speak openly and forthrightly about what they have done. In other words, these so-called “scientists” have done this research openly under the government funding and approval of none other than Anthony Fouchi and the National Institutes of Health. Yes, Fauchi is the head of this snake, and is actually in charge of lab-mutation experiments of extremely deadly viruses like already Highly Pathogenic H5N1, which by itself kills up to 60% of those it infects. But in the lab, these gain of function experiments mutate that already deadly virus to cause it to be, not only more deadly, but Fauchi has allowed it to be genetically re-designed so that it is now transmissible by human to human contact and airborne in mammals, functions that have never happened in Nature.

We are one accident away from this virus being accidentally or purposefully released into the Natural environment by what amounts to a bunch of sociopathic eugenicists, otherwise known as geneticists and so-called scientists. I cannot stress how important this information is, but I can say that nothing else in this world matters in comparison. And I tell you with all sincerity and diligence that we are on the verge of global extinction because of these many, man-made mutations of already deadly viruses, including SARS-2. If ever there was a time to revolt, to fight for our very lives and that of the Natural Order, I tell you now is that time. Tomorrow literally may be too late. Government already knows, so I won’t tell you to contact your congressman, except that then you can show them to be complicit, complacent, and already in the know when they do nothing about this. Legal bureaucracy will not fix this spiritual problem.

And so, again, I am seeking people who truly wish to help spread this information by helping me get this and future documentary films out there to any and every one possible, as well as promoting me as a guest so that I may promote the film series and warn people as well.

Honestly, years of censorship and disrespect has made me want to just sit back with a Corona and lime and watch the whole thing play out from my lawn chair, because that’s what happens to men whose warnings are unheeded and whose message is ignored for almost two decades. This is my last ditch effort. I will not continue if I cannot get the help I need, and in all honesty, believe that we all deserve what is coming and soon if we do not finally organize and fight these – what I can only call EVIL men in completely, irreversibly corrupt institutions.

Lastly, I have decided that, after this series of what I am calling master class documentaries are finished, I will be ending this blog in order to turn many of the articles I’ve written on this blog into printed books, most likely by a print-on-demand service, because there is no way to compete against that industry. My blog posts and books will be edited, updated, and some even have the need to be finished, and combined into subject-oriented books. For instance, I’ve always wanted to write a book on the history and effect of the CAFR, government finance and wealth, and how pension funds like CalPERS have been the cornerstone of funding globalism.

So again, I’m seeking partners for the long haul here. Many of you have asked me how you can help, and this is my answer. Maybe someday I will even be able to pay you for your past services! I am looking for one or many people that are just waiting for an actual movement to form from this lame duck claptrap we call the alternative media. Life or death seems like a fairly motivating goal, though I’ve certainly been wrong and

disappointed before.

So how about it? Are you up to the challenge? You are needed.

If this post isn't enough to motivate you, then my upcoming film should certainly do the trick... unless, that is, you are already so far gone, so lacking in love and empathy, so narcissistic and/or sociopathic by this point that you simply don't give a damn anymore.

Contact me at clint@strawmanstory.info for more information and to plan a strategy, as well as create a forum where those that wish may be organized and help support each other.

Honestly, I could use a good I.T. specialist as well. My website numbers are lower than ever, and I'm certain this is partially my fault for not knowing how to get the site in the top searches. I've not been able to find my blog at all from certain hotels and other chains.

Please note that I have no income, so I cannot pay anyone at this point. That might change in the future.

My immediate concern is reaching all outlets possible in the alternative and mainstream realm with a link to the film, that is, all doctors, activists, radio and TV hosts, and anyone at all affiliated with the vaccine movement, for or against, as well as all activists and doctors/scientists that have spoken out against this "gain of function" or "dual-use" (biological weapons) type research, and of course the usual email lists, Facebook type forums, and other websites and outlets.

I love and cherish you all, but it's time to get off of your collective asses and fight like your life depends on it... because this time it actually does! The battle to preserve Nature and Its Law is being defeated without even a whimper of protest, and that means man will also fall when it does. For all of this research and mutation comes back to one and only one thing... TRANSHUMANISM – the destruction and rebuilding of Nature's Design by men that believe they are scientifically appointed gods in the religion of scientism.

I wish I was being an alarmist, over-protective, or simply a mad conspiracy dude. But when you see this film, the theory is removed by their own admissions as they spell out the conspiracy for you. No logical fallacies and name-calling can help them defeat the messenger this time, because this COVID documentary is like watching criminals monologue their whole design and past and future actions as if no public access will ever be gained.

We simply cannot fight anything, let alone a virus, unless we know its source. This documentary is a showcase about those that created SARS as a lab-grown biological weapon in the first place mutating it into SARS-2. Most shockingly, though, is that Anthony Fauci is the guy in charge of it all, from funding to actual mutation, something I'm sure he has not mentioned in any of his television appearances preceding the SARS-2 Covid-19 outbreak.

Makes you wonder what Trump knows...

Please help! If you don't wish to be involved, consider making a gift/donation so that I

might finish these films. I’ve still got a long way to go.

I may start a crowd-funding campaign as well, offering the final film on one thumb-drive with extras to pass out in activism. Will definitely need help with that.

I’d wish you well, but I know better now. I can only really wish you days, weeks, months, and maybe a few years of this so-called life.

i made a subreddit for your first strawman story book and through that i have been able to turn a few people on to it.

still hoping for pdfs of part 2 and 3, and also the 3rd and 4th pillars of fiction

sad to hear of you ending this blog, which i have followed and learned so much from over the last 15 or so years

i thank you for all your effort work at exposing the truth.

best wishes –

I gather Fauchi is an intelligence frontman for the Masters. As you know many are.

I’ve passed this request on to a few people. I do hope you get what you need Clint. I look forward to viewing the next film.

I’ve been telling folks who will listen that pathogenic viruses cannot be transmitted through the air or from person to person and that we would have died out centuries ago if this was the case, and now you’re saying that they have been re-engineered to do exactly that? Scary stuff. All the best Clint – looking forward to your revelations.

There is a lot of false information about what a virus is out there. After all this time I realized the opposite, that we wouldn’t be alive without the neonatal virome.. And I believe Microsoft models its updates exactly as Nature designs its viruses. They correct and update the epigenome to protect against disease. But the virus is hackable, reprogrammable, and can be used as a biological weapon. You will know what I mean after this movie and the first Lethal Injection 2 part comes out shortly after. Be well...
