34 Votes

Nothing is as it seems...

Somehow, we have all been conditioned to believe that what once was shall always be. We believe that we are a free people, guaranteed our God-given rights declared in the constitution. We believe that when we vote, we are electing representatives of we the people, whom once elected become public servants. We believe that the house in which we live and the land on which we settle is our land, free and clear of our government’s tentacles. And we believe that the laws for which we allow ourselves to be governed by come from a legitimate law making body, with checks and balances and constitutional oversights.

But what if the above perceptions are in fact false?

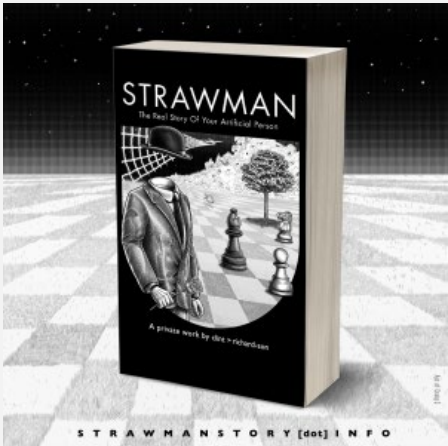

And what if the reality is that the United States doesn’t even exist at all?

What indeed...

According to Executive Order 12803, signed by George H.W. Bush in 1992, The District Of Columbia – Washington D.C. (neither a state nor a part of the United States) was given the authority to privatize most or all of the infrastructure within the United States. This means that the federal government, or the corporation that acts in lieu of a federal government, can sell any city’s “assets” which were built with tax-payer monies including:

- Roads
- Tunnels
- Bridges
- Electricity supply facilities
- Mass transit
- Rail transportation
- Airports
- Ports
- Waterways
- Recycling/wastewater treatment facilities
- Solid waste disposal facilities

E.O. 12803 lists the above as examples of America’s salable and/or lease-able infrastructure. But this is not to be taken as a complete list, as these are just some examples.

E.O. 12803 names this authority in its destructive pages as “*Infrastructure Privatization*” and states that this power allows for the “...*disposition or transfer of an infrastructure “asset” such as by sale or by long-term lease from a State or local government to a private party.*“

In a previous blog article, I compared the 10 planks of the Communist Manifesto with various Executive Orders, Presidential Directives, Acts of Congress, and other legislation which, under a declared state of emergency (martial law) would put the very items listed above under immediate government control, ensuring the continuity of government (corporate rule). Read here: <https://realityblogger.wordpress.com/2010/04/25/the-united-states-communist-manifesto/>

If we then understand that America’s infrastructure has now been available for sale to foreign nations for 18 years, when E.O. 12803 was signed into law by the treasonous Bush family cartel, we might then get a picture of why everything seems to be getting so expensive and corrupt.

No longer should we be asking why our phone, electric, gas, water, sewage, waste management, tollways, parking meters, public transit, hospital bills, and general operating budgets keep going up-up-up in price... What we should be asking is who owns these once public utilities?

Is it possible that China owns the sewers? Can Mexico actually own our tollways and roads. Is Russia the proud new owner of Nevada?

These are the questions we should be asking...

And when one considers that “Housing” is one of the listed “assets” in the government’s list of examples, one must then ask whether the continued accounts of foreign troops practicing martial law drills across the country might be construed as foreign troops practicing takeover of the land for which they now own. After all, the real estate industry has recently been privatized into government hands. Is it not reasonable to assume that our “housing” includes the land for which those houses call home? And, knowing that your title or deed (you should read yours, especially the small print) states that you do not own the land or home you live in, that you are the tenant, and that it can be taken at any time by the corporate government through eminent domain for any reason, one must ask what will happen when China wants to claim the land for which it has purchased or been given

**in payment of the national debt.**  
**Are Mexicans illegal immigrants if they are living on Mexico’s land purchased from under our noses through government deed? Could the push in recent years for a multi-cultural mindset and global population in the United States simply be to acclimatize us for the reality of America’s sale and eventual take-over from these foreign entities?**

**We know that many of our interstates and roadways are already sold. We know that they are part of the N.A.F.T.A. system of inter-continental transport controlled through United Nations sanctions. And we know that Mexico gets tolls that are paid in the United States. So, if these roads are no longer in the public trust, instead being held by private corporations or foreign countries, where do our taxes go that have historically paid for the building and maintenance of this infrastructure? Are we paying taxes for not? Or are we giving our money to non-governmental and foreign corporations?**

**Why doesn’t the government actually fix the health-care system and start enforcing the safety regulations that supposedly apply to the health-care industry? Perhaps these hospitals aren’t on American soil anymore. Or perhaps the whole codified system of rules and legalities don’t mean a hill of beans. And isn’t it amazing and suspicious that most of our hospitals are packed full of foreign doctors?**

**Private prisons are plentiful, many owned by Halliburton subsidiary Kellogg, Brown and Root (KBR). Old Dick Cheney must be so proud of his legacy of the privatized prison labor business. And with more than 1% of our population in prison, business is booming. But how does one know if one is still in an American prison, with all of the rights and protections accorded thereof? Is rendition simply taking an American citizen to a foreign-owned prison on foreign land inside of America? So many questions can be answered by applying this Executive Order to the equation...**

**And finally, are our public schools being sold off to the highest bidder? This should frighten anyone with any sense of behavioral modification and the early childhood educational programing that takes place in our schools today. Considering the multi-cultural bias in most and the allowance of Spanish as a first language in some schools, we good little citizens must pause and wonder if our natural-born children aren’t indeed attending a foreign school in the middle of America!**

**These are scary thoughts indeed. But we should be asking these questions, and demanding answers for them. For at this point, if it is true that the United States of America ceased to exist long ago, then we have no legitimate government. We are in actuality living in a fictitious corporate state opperating under the illusion of freedom and democracy, with no constitution in sight. Our independence is gone, as is our sovereignty. We are a people with no homeland. We have been sold out by our “trusted leaders”.**

**In reality, the international banks and the International Monetary Fund**

(IMF) is our government.

Here are a few other facts about the United States, referenced and stated simply. Check them yourself. And for more intense reading on these subjects, go here: <http://www.civil-liberties.com/books/index.html>

The following list was copied from here:

<http://home.iae.nl/users/lightnet/world/essays.htm>

1. The IRS is not a U.S. Government Agency. It is an Agency of the IMF. (Diversified Metal Products v. IRS et al. CV-93-405E-EJE U.S.D.C.D.I., Public Law 94-564, Senate Report 94-1148 pg. 5967, Reorganization Plan No. 26, Public Law 102-391.)
2. The IMF is an Agency of the UN. (Blacks Law Dictionary 6th Ed. Pg. 816)
3. The U.S. Has not had a Treasury since 1921. (41 Stat. Ch.214 pg. 654)
4. The U.S. Treasury is now the IMF. (Presidential Documents Volume 29-No.4 pg. 113, 22 U.S.C. 285-288)
5. The United States does not have any employees because there is no longer a United States. No more reorganizations. After over 200 years of operating under bankruptcy its finally over. (Executive Order 12803) Do not personate one of the creditors or share holders or you will go to Prison.18 U.S.C. 914
6. The FCC, CIA, FBI, NASA and all of the other alphabet gangs were never part of the United States government. Even though the “US Government” held shares of stock in the various Agencies. (U.S. V. Strang, 254 US 491, Lewis v. US, 680 F.2d, 1239)
7. Social Security Numbers are issued by the UN through the IMF. The Application for a Social Security Number is the SS5 form. The Department of the Treasury (IMF) issues the SS5 not the Social Security Administration. The new SS5 forms do not state who or what publishes them, the earlier SS5 forms state that they are Department of the Treasury forms. You can get a copy of the SS5 you filled out by sending form SSA-L996 to the SS Administration. (20 CFR chapter 111, subpart B 422.103 (b) (2) (2) Read the cites above)
8. There are no Judicial courts in America and there has not been since 1789. Judges do not enforce Statutes and Codes. Executive Administrators enforce Statutes and Codes. (FRC v. GE 281 US 464, Keller v. PE 261 US 428, 1 Stat. 138-178)
9. There have not been any Judges in America since 1789. There have just been Administrators. (FRC v. GE 281 US 464, Keller v. PE 261 US 428 1Stat. 138-178) 10. According to the GATT you must have a Social Security number.

**40.** Guess who owns the UN? The disks have many more cites including Hundreds of Documents to verify the 40 statements above and numerous other facts. The Disks also include numerous Essays written by Stephen Ames and several other people that fully explain the 40 above mentioned facts. The Disks will clear up any confusion and answer any questions that you may have. The cites listed above are only the tip of the iceberg. Also included on the Disks are several hundred legal definitions because without them it is next to impossible for the non-lawyer to understand many of the Documents. Simple words such as "person" "citizen" "people" "or" "nation" "crime" "charge" "right" "statute" "preferred" "prefer" "constitutor" "creditor" "debtor" "debit" "discharge" "payment" "law" "United States" etc, do not mean what most of us think because we were never taught the legal definitions of the proceeding words. The illusion is much larger than what is cited above.

There is no use in asking an Attorney about any of the above because: "His first duty is to the courts...not to the client." U.S.v Franks D.C.N.J. 53F.2d 128. "Clients are also called "wards of the court" in regard to their relationship with their attorneys."Spilker v. Hansin, 158 F.2d 35, 58U.S.App.D.C. 206. Wards of court. Infants and persons of unsound mind. Davis Committee v. Lonny, 290 Ky. 644, 162 S.W.2d 189, 190. Did you get that? An Attorneys first duty is not to you and when you have an Attorney you are either considered insane or an infant.

No real arguement here...

But who owns Great Britain? The House of Commons owns controlling stock in most corporations just like in America.

I don't belive in ownership at this point. Just like I don't believe in borders, states, countries, privlages, or any other legal term that is not lawful.

The ultimate truth is that the Earth owns us. We are its essence and its mass. The idea that any mere mortal owns anything is a sad joke. The Earth will reclaim all of us eventually. No one escapes its grip.

While i don't disagree at all, remember that "America" is not part of the Earth, it is a legal fiction created by (property of) man.

Re: the info that led to the statement about J.V. being a hater of his constituents at the victim/victimizer web sight, Jesse Ventura doesn't hate any one!

What he is fighting for is the same thing any patriot fights for freedom pure and simple without the victim/victimizer scenario that so few of us have yet learned to transcend. This is a planet full of victims with contracts that we decided to put ourselves under to learn about freeing ourselves from self pity and the inability to take responsibility. This manifests in blaming others while expecting someone else to do the work as we complain about the quality of their efforts. Change can only come about by standing up and taking responsibility for our own freedom and sovereignty. Instead of lauding Jesse's admirable courage someone wants to play the victim and drag his creative beauty down with this completely useless matrix of self pity! When you have a three eyed baby because of the DU that the maniacs are dropping on your country then complain for what is happening in the present. More importantly if we don't point out the insanity of what is being done in our name to other human beings on this planet who will? The past can't be changed and its about time we all got over what happened yesterday or none of us will have any tomorrows! Until we learn that lesson things will only get worse. Therefore its time stand up for ourselves and find solutions in both courage, peace and forgiveness. Those of us still standing need to fight for the others to every last person. Racial conflicts are controller created and are used to divide and conquer which makes us shirk our duty to our own journey upward and ultimately to the soul transcendence of humanity. Good or bad we are all in this together. In the meantime do not contract with, consent to or further enrich the victimizers period. Their main goal is to sidetrack your soul. Thank you Eric for doing what we should all be doing. In the meantime I'm riding my broomstick and taking my pitchfork on out of here CHEERS S

Every time I dig into freedom and truth, there is another site to read, shedding more light, more confusion and greater anxiety about true freedom and the reality of living on this planet.

Question; What is the solution? Who out there has the ability to untangle the mess, the resources to mobilize an entire people to effect change, the checks and balances to keep these well organized new world’rs from halting every advance, sabotaging every effort not advantageous to their agenda?

Are the future evils (actions taken by one with total indifference to the consequences of those actions upon another) any worse than what has already been endured?

Fancy words, worthy attitudes, and heart-felt emotional desires change nothing when there is not a workable plan in place. I will not pretend to have even the slightest clue how to overcome the challenges we face, it is beyond one man’s abilities. We must face the reality that these real life forces will not allow public organizations of dissent to grow unobstructed, so then, an underground must exist, find it and support them to your fullest measure and pleasure.

I have learned this, if you want freedom, behave, speak and think as one who already has it. “Yes I Can” serves me quite well.

Something else to think about besides injustice; Everything on this planet is connected in some fashion to everything else. Our connection to earth strengthens us the closer we get to it, there is comfort there. We, because of cosmic forces, can not leave this planet and survive more than two years (if scientific american is to be believed), so escape is a fools errand at this point in time.

Every once in a while put aside your religions, goals of acquisition, fears of being dominated, and let the fact that earth created us, feeds us, and allows us to exist in a violent, anti-life-friendly universe comfort you, for this is truth beyond denial. There is still joy to be found in just experiencing all that being alive gives us. Then, when ever you desire, get back to worrying about all the things you wish were according to your rules.

I feel for you as I feel for myself. We are blood.

Good luck. Robert Cremeans

The only solution I can come up with are:

- 1) rescind your citizenship
- 2) elect a non-party, non-incorporated, actual sentient people into government, replacing corporations and especially attorneys, who pledge allegiance to another power over the people.

Resending your citizenship is still a possibility. However, changing the government from the outside is out of the question. Time to run your own lives per se, if you want freedom.

But there is a solution! Stop funding these criminals. Stop buying things on contract. Stop paying the taxes you don’t owe. Stop giving the corporations your donation by not trading with them or shopping in their stores. Boycott any business that is a tool of the NWO.

What’s the one thing they want besides your soul? YOUR CONSENT. You didn’t give your consent because you were sold into slavery by your parents who had no clue your birth certificate was intended to enslave you, and

now you are just discovering the truth. Demand your birth certificate back, throw off the fictional you they created and declare yourself a free sentient soul. By revoking your consent, you are canceling the contract and refusing them the power over you they think they have, earned through deceit. If we all did this, we would cut off the trillions of dollars coming into their coffers and they wouldn't last a week. Throw down your weapons and refuse to wage war on your neighbors. Gather bricks and stones and kill the seed of lucifer as we are told in scripture. Go after the non governmental organizations and arrest all their members for high treason and crimes against humanity. Impeach Obama if he gets put back in for another term. Give every member of the legislative branch who has an atrocious voting record their pink slip. They do no deserve their jobs.

Sounds great up to the “kill the seed of lucifer” part. Presumably a mob with bricks and stones (or individuals) has some way to identify who is and who isn't?

In case you're still attending church and quoting what you find there (and think you can think) there are ways to remedy this, many are historical; I have a blog and there are plenty of discussions on the matter. If there was some way to identify “seed of lucifer” (such as by behaviors) I think you'd find many of them on the federal faith-based dole trying to run individual families' relationships, parenting, sex lives (absolutely, for sure) while themselves showing, ah, serious lack of restraint.

Look at my 12/27 “Mother Says” post (scroll down) and catch the “Our Time is Now” logo of AACC (Christian Counselor's Association) and see how many are going into setting up a cute ‘shadow government” (at public expense). Check out a Randell Turner, Ph.D. (on the conference circuit, again, nonprofit organizations, public employee expenses) running classes on how to connect supposedly reformed sex offenders with their family under the name of “fatherhood.” .....

(give me a break.....!!)

This is consistently one of the most sensible blogs around. I note that comments are coming in year 1, year 2, year 3.

A lot of the issues I found out the hard way as a parent, when my kids were forced into the public school system. Being a long-time teacher, and many years with kids, I knew better. I took them out ONE year and war was on — from a relative who'd recently (being childless) gotten a teaching credential. Now one of the teachers in the school a daughter was forced into is headline news for molestation (this is 6th-8th graders) and the administration is trying to blame the student, and protest, because defending themselves would be costly!

I later had two daughters simply stolen (on an “exchange”) and then later abandoned by one parent and I STILL couldn’t get them back, while up here, financial destruction — and I definitely had to face the betrayal of the courts. After I started looking up the money, things made more sense.

My children are adults now and one of them recently went somewhat “MIA” from the nonparents, nonlegal guardians who were mistreating her; this girl is only 19 and I KNOW that a lot of this is what programs can charge who for the use of a minor’s social security number (or ours) for how long). Speaking of “trust,” I had some inheritance put into a trust (that said “credentialed teacher’s spouse has control over) which is being used to extort. I can’t keep my own phone on; unbelievable.

So yeah, MANY of those individual points are already known; the thing is, how to keep getting up in the morning, and what to do with that thing in the pit of your stomach about which roads not to go down.

Clint — re: the Nov. 8, 2011 comment, I’ve been looking into this. First I said it one time in disgust to myself (during or right after a hearing), but now I’m actively thinking, what are the options — if the rest of the population doesn’t feel like waking up because it’s not at THEIR front door (yet)?

While you may be free-thinking, this article is full of utter bullshit. I have a sense the quotes are taken out of context. E.O. 12803, cited at the beginning is completely misinterpreted. I am not saying this is a good order, but the way it is written about here is incorrect. To read the full thing, I recommend you go here: <http://www.presidency.ucsb.edu/ws/?pid=23625#axzz2iPa7Itbv>
