Although 89% of Ed Chiarinis work is ridiculous the 20% seems to be the real shot off the bow of the elite mind rapists... Dismiss the disinfo and examine the times he proves the case of actors acting drills... Lookalikes are not accidental like the Doctor who looks like Tom cruise... They use a lookalike to sew confusion and division...

People don't get this "truth" isn't for us it is for the warring syndicates who communicate through blackmail....

and while they create a new whodunnit for the gullible internet mass what are they really doing with the other hand....

I may be here on a "loose" run but think about it. Clint mentioned mind control. Many of you have heard about Philadelphia Experiment, I am not going to go into details of it here. Did you also hear about Montauk Project, (Montauk NY)? Well, according to Steward Swerdlow a man who claims they (at Mantouk airforce base) were experimenting on him and other 300,000 people. That is 300,000 that he knows of where only 1% survived. This was in 1970 and he was 16 then. He said there were exclusively males and only a handful of females. Reason? According to him and those who were working on a project female absorbs the energy while the male projects it. NOW. Hang in there with me because this is only my speculation.

Could it be, hypothetically speaking, that all those shootings were "mind control experiments in the open"??? Why do I think that way? Well, all shooters were male, which would fit in with the project protocol. Is this some kind of sick game that "they" are playing with us on us? Is this some kind of trial and error game until they perfect it to their specifications and then it will be over?

The evil sources are really showing off and may God help us all and keep us sane so we can endure it to the end with a clear mind.

Interesting, but I suspect this is either faked, or witnesses just initially got it wrong in their panic. Who would have the motive to fake something like this? Well I’m sure the government likes to make conspiracy theorists look crazy at every turn. Not everything’s a conspiracy or cover-up. While some serious gun restriction may come out of this, I can fully believe that there was one shooter, and he was just a dude who had issues. Same with Jared Lee Loughner. These cannot be compared with an assassination patsy like Lee Harvey Oswald. These guys were just angry and wanted to hurt as many people as possible. I can believe that they acted alone, and in fact, with some of the comments I’ve seen on the internet, I’m surprised it doesn’t happen more often. I believe the body count in this shooting matches the official story. If there were more shooters, a lot more would have been dead. I’ve even read an exclusive witness account on <http://www.classwarfareexists.com> which seemed very genuine. I don’t believe mind control, aka MK ULTRA, is possible. I think that’s one of many false stories put out to scare conspiracy theorists and make them look crazy. Don’t lose sight of the only real means of control– money.

It is my understanding that the father of the Newtown Ct. shooter was also supposed to testify in the LIBOR scandal. WTF is going on here??

☐ Like

jdfarrell45 / January 1, 2013

the link to youtube video that was about the colorado shooter's father testifying in LIBOR scandal has been removed by the user, which most folks might think nothing of, but we know better. youtube probably coerced the owner to do so, or blatantly threatened them to do so. youtube censors like crazy! just try to post some sites in the comments like iamthewitness.com, erichufschmid.net, edrivera.com, pauljjhansen.com, freeinhabitant.info, 1215.org, granddelusion.com, freedom-school.com, chinesehealthandfitness.com/MaritimeLaw.html among many others. you will either get "comment pending approval" or "error, try again". why is this, it's because they CENSOR!! did you think you live in a free country?! that's why we have to continue to wake others, and "stand up" against infringements to our freedom, and evil, wherever we find it!

Ross Stevens / July 31, 2012

Operation Mind Control, by Walter Bowart (1980) detailed the high level of research and application of mind control techniques.

Another, The control of Candy Jones, by Donald Bain, revealed the use of Candy in US experiments. She was then programmed to kill herself but fate intervened when she got married and, because she kept dropping into entirely different personalities, the appalling story was revealed through hypnotism.

These books, though decades old, revealed the already sophisticated techniques, utilising pain, drugs, hypnosis (PDH) to create 'lone nut assassins' etc.

The good news is that there are many who have techniques to release mankind from such conditioning.

This may seem completely off the subject, but can anybody explain to me how a “state” — a non-human entity, an abstract concept — can possibly be a plaintiff in a court action? A state has no legal rights that can be violated by human beings, and it can’t suffer harm, damage or loss from something like this.

I’d really like to know.

See “The Leiber Code” (General Orders 100). We have been under military rule (martial law) since 1863. There are no “constitutional courts”, only military ones. The attorney GENERAL is a military position, required of each State as a territorial possession of the occupying military of “United States”. Military bases in all 50 States are a military occupation of America. There has never been a declaration of peace...

Also see “The Civil War With No Ending” for a good breakdown of the Leiber Code.
