

Red Pill Sunday School – Essential Update

8 Votes

Greetings Programs...

Firstly, for reasons still not clear, my STRAWMANSTORY.INFO website was completely removed from the net, since about the 12th of April, along with the email attached to it. I have now reestablished those sites, and can receive email again. If you made donations and are expecting a free book in the mail, I need you to please email me with the correct mailing address. And if you’ve sent any emails to me since the 12th of April, please resend if needed. Apologies for the problem. The book is downloadable again at that website, or click the banner at the top of this blog. As always, it’s a free download.

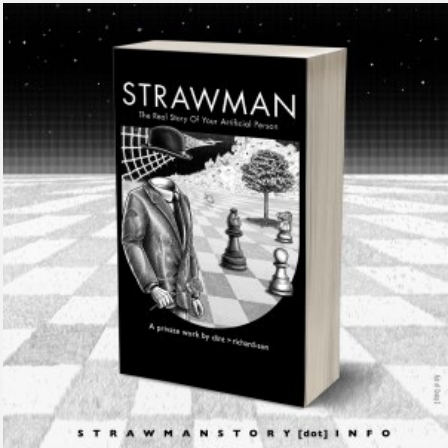

Now, just a note here to let you know what I’ve been working on in the background, and what to expect for the rest of the year.

My latest Strawman audio/video book is almost finished with editing, and I will be releasing that in four or so long parts on Red Pill Sunday School over the next month or two. Entitled *Strawman Logic: A Choice Between Two Evils*, this audio/visual book will answer many questions we’ve all had, including just what it means for a man to be incorporated, revealing the nature of this term *corporation* once and for all. Trust me, it’s not what you think, nor what I could have ever imagined. When free will is taken away, only false choices between presented evils remain. And so this book delves into what is the causality of this legal matrix vs. what is free will under the Law of Truth (God), why you cannot have both, and why hypocrisy rules supreme in all of us. Where has the spirit (soul) of men gone? This too will be answered.

After that, my documentary on the manmade origins of COVID-19 and all that surrounds this type of “gain of function” research will be released, again on my “Red Pill Sunday School” Youtube channel. Nothing is more frightening than what these psychopaths have done for decades in laboratory settings, except perhaps hearing them speak about their accomplishments themselves, and then realizing the same people responsible for the mutated virus have been put in charge of governing its response.

Finally, as promised for a long time, I will begin releasing in several parts my full documentary on the medical/pharmaceutical industry, called *Lethal Injection 2: A*

■ The Corporation Nation

Corruption Of Blood. This comprehensive investigation into the medical industry will, without a doubt, steal away any prestige (illusion/trickery) put forward as to the legitimacy of that corporate structure. When doctors are telling us not to trust most other doctors, when those doctors are shown to be the third leading cause of death in this and other countries, and when this cult of death and devastation is shown not only to be protected by the same government that invests, owns patents for, and regulates the practices and (malpractices) of these doctors and the drugs they carelessly prescribe, but that such malpractice is “insured” against and seldom listed as cause of death, then what else can I do but show these truths in one master class of a documentary? It’s my duty, and nothing is more fearful than a man like me, beholden to no-one and with nothing to lose.

That said, I greet thee again, you great and unwashed masses, under the pretext now assigned to you: NON-ESSENTIAL. How are all of my relegated-to-be unessential by government friends doing out there? Feeling a bit underwhelmed and uninspired by your new title?

Should we be concerned that a government full of known eugenicists have labeled most of us as non-essential customers? Is this not a sign of serious threat to our collective well-being?

Well, first I just want to assure you that you are, in Truth, the very essence of Life. Rest assured that to a spiritually dead legal corporation such as the United States, your True essence is not actually considered, only your employable (usable) benefit to that artificial corporation in mammon. Your spirit, your soul is not counted. However, to me and those that love you unconditionally, who Love all Life and Existence as the One True God, you are more essential than any words can clearly express. You are Existence. The only way to fight these devils that seek to destroy your soul, to remove your spirit, is to be essential to one another.

The Truth of the matter is that government has no essence, existing only in fiction. Like a vampire it sucks your essence dry in order to feed its unrequited need for the validation of its own reason to exist.

ESSENTIAL – *adjective* – [Latin *essentialis*.] Necessary to the constitution or existence of a thing. Piety and good works are *essential* to the christian character... **1.** Important in the highest degree. Judgment is more *essential* to a general than courage... – *noun* – Existence; being. [Little used.] **1.** First or constituent principles; as the essentials of religion. **2.** The chief point; that which is most important. (*–Webster’s 1828 Dictioanry of the English Language*)

Note: When a government no longer considers its governed people as that which constitutes its reason for existence, you know you’ve got a real problem on your hands. You’ve got a false god...

The majority of you are apparently no longer deemed necessary to the existence of the United States corporation according to this definition, and now it has told you and even

officially labelled you as non-essential chattel. And yet, ironically, I can think of nothing less essential than this very corrupt and despotic administrative state, a de-facto, bureaucratic commercial corporation falsely calling itself a legitimate source of government. It has now crossed the line of its own reason and purpose for existence, to serve man and country, becoming a false idol in, of, and toward itself and its own continuity, irregardless of the so-called common people that supposedly support and legitimize it. How can a government with a motto like “by the people, for the people” at the same time govern those apparent people under the guise of believing the majority of that same populace is non-essential to its existence? And what does being relegated to such a debasing, flattering title as “non-essential” mean in the end game? I shutter to think...

I can’t help like feeling we were just removed from the protected species list and relabeled as vermin unfit to be served or saved. How about you?

Did government just put an open contract hit out on *we*, its non-essential persons??

Meanwhile we have supposed “essential” nurses and doctors that are killing 85% of the COVID-19 patients they put on ventilators, having no clue what to do to treat the ill, then doing it again the next day under the same virtual blindfold. I suppose when your number one killing machine is the iatrogenic death caused by the medical industry, you would deem them essential useful idiots to help deal with we, the non-essential, non-useful idiots. Makes a sick sort of logic, actually.

Sound a bit over the top? My documentary will seal the deal for you, I assure you.

Oh, and did I mention doctors are the number one cause of bankruptcy in the United States?

Be well my fellow proles, peons, and serfs, despite being *essentially* screwed.

Number three is certainly mammon, which is explained deeply in my 1st upcoming Red Pill show. Not money, for money is merely time re-presented. Mammon is trust, valuation, putting faith in the unreal, the legal fiction. But specifically it means that one's individual appreciation for Reality, for all of Nature, is replaced with a spiritually dead monetary valuation. What is morally priceless becomes sellable. Thus, we are tricked into selling our God-given (unalienable) rights for personhood (dissimulation).

I suppose number four would have to be actual simulation, which is defined as hypocrisy, or pretending to be what we are not, opposed to number 2 (dissimulation). They go hand in hand, of course.

The last one is tough because it contains the rest. Simulation is the artificial matrix we create to justify our hypocrisy.

Take care...

Regardless, again, thank you Clint! I’m so glad you are still sharing essential unincorporated truth (!) ... Not just reacting (which is fine) ... but getting to the meaning behind it, behind the power plays, getting to the essence, the reality, of many of the things we have been born into, as well as our parents and our ancestors gone and long gone (never quite knowing ... or in their way maybe knowing more if not just intuitively as I did before the internet.). As before the internet for me I had Jim Marrs (books) ...even Heavy Metal was helpful (to name a few).

Hi Clint

I want to first off say thank you for your continued writing as it means a lot.

I want to ask you a question. There are sites that are selling the notion that you can claim the surname and all variations that the dogovernment has used in those names and claim the money that is behind those bonds??

I have aegued that the surname is the trap and yet these folks keep going?

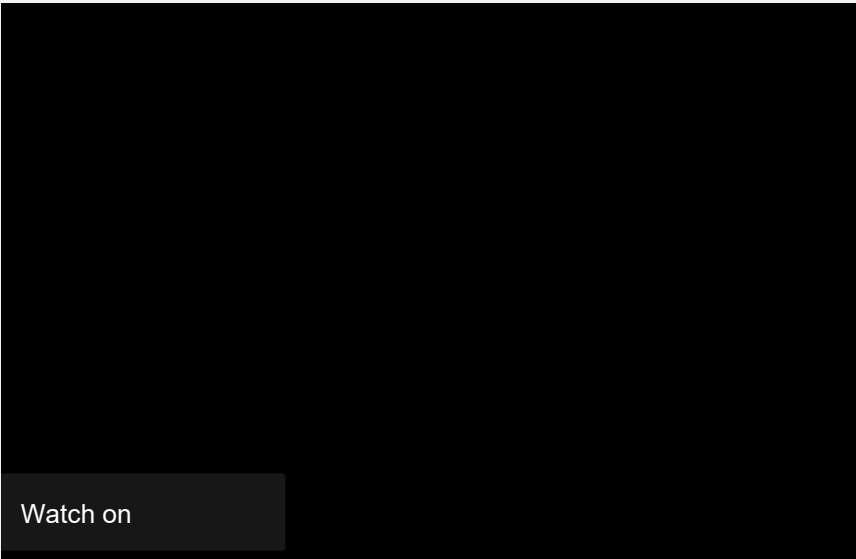

Here is one site that charges huge amounts of money and claims you can get

out from their jurisdiction?
<https://areweallreallyeducated.com/about-aware/>

Another one <http://www.annavonreitz.com> not really selling anything but takes donations says relief and the release of their ‘trusts’ are forthcoming?

Long time ago I read the surname is the trap and all these folks are selling the surname as part of the redemption?

Other selling public versus private stuff like this one

Or
High Frequency Radio and Secure Part Creditor?
Which basically I think you just playing their game?

Your thoughts would be appreciated.

Thanks.

In short, yes, you are correct to be wary. I don’t see any evidence of this process working let alone have I met anyone doing it. False redemption through mammon? LOL. Again, remember your redeemer is Christ (the Law of Nature/God), not paperwork.

There is no way to escape the legal matrix simulation from inside of it, while blinded by it. Filing paperwork in the legal realm cannot effect reality, for it is never Truth, and neither is the person (status) they are claiming has valuation.

I recommend avoiding these types of scams, certainly. However, as a disclaimer, I will say that a few of these people may be genuine in their belief, misguided as they are. The promise of gold at the end of the rainbow

is always a fools errand, for there is no rainbow. There is no legal spoon.

You must also realize that the term “private” only applies to the PEOPLE of the States. A State is defined as a People, while the United States (Washington DC) is a holding corporation for the People’s (State’s) property, namely US citizenships (persons). He that is in bond and surety to a person (status) is thus not part of the People (States). I explain this in detail in my upcoming shows. The question is, do you really want to be free under God, or is it that you want to be one of the People (States), a slaveholder instead of a slave? If money is your goal instead of True freedom, then mine is the wrong website.

Well, I have certainly considered the possible innocence of using such symbolism, or the purposeful attempt to make a point. I hesitate to criticize as some have fallaciously criticized the purposefully chosen symbolism on the cover of my own book. If only people would ask for the intent by its creator many confusions would cease to exist.

In Hollywood, however, I found these symbols added despite the wishes of

the author, in all forms of entertainment.

 Like

Ali / June 17, 2020

Thanks for the reply, Clint. Agreed – intent is everything yes – even, dare I say it, in law. So, the question is – who authorised the album cover/title and why? I suggest that it is highly unlikely that the band could ever have known about ‘strawman’ 20 years ago. More likely (as you intimate) it was fed to them (a fait accompli) by someone at the record company. Someone who is high enough up to let some real truth go out without blowback Funny to see it in music in a ‘B-movie’ band (they never had a hit). There is no doubt this is poking fun at the whole charade and someone either is enjoying the duping delight or actually trying to wake people up. It is intriguing how regularly I see truth in plain sight now (but less so about ‘strawman’). While the truth is literally everywhere – the intention for this still remains unclear to me. Anyway, I take your point about your own work. Personally I think the chess board idea on one of your books is brilliant / the blanked out head equally so. Skull/bones perhaps more risky in this ‘community’ but....if so-called ‘awake’ people are triggered by that kind of stuff then they will be stuck at level 1 for a long time.
