

Dear Matt Damon...

Dear Matt Damon,

First of all, let me just say that I have enjoyed your work in various movies over the years. And congratulations on all of your success, both popularly and especially financially. But I want to talk specifically to you about one of your rolls, as the voice-over talent for the recent documentary movie entitled “Inside Job”.

Again, well done sir. This was a very well presented documentary on corruption most foul within the banking industry and in the United States government. But to be honest Matt, I have never seen a more well-done and yet totally incomplete presentation of the facts about such an important event in our nations history. In short, you were the narrator of one of the biggest propaganda pieces in history, and I was wondering how that feels...

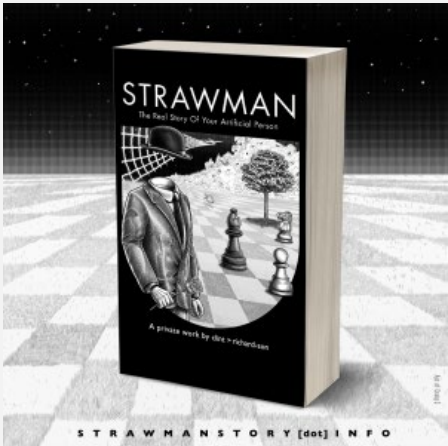

You see Matt, I figure that your participation in this thing can only be explained by two possibilities:

- 1) You were just reading a script, and really don’t comprehend what was truly happening outside of what that script stated within the government and banking industry. And you thought you were truly part of something quite special.
- 2) You were fully aware of your participation in a government cover-up of the most important aspects of what really happened during this period of organized crime, and you were rewarded handsomely for your popularity and participation in this totally incomplete propaganda piece.

Now, I see that you are supportive of many charities and organizations around the world, and that pleases me as one of your fans. And so I am writing you this letter to let you know that I want to give you the benefit of the doubt with regards to your participation in this misleading documentary. I truly believe that you were doing what you thought was best (and I’m sure the paycheck wasn’t too bad either).

But if this assumption is true, I am wondering what you would do if you found out that you were unwittingly part of a massive misinformation campaign designed to obfuscate the most important aspects of this criminal event. Would you seek to publicly rectify the

situation if you saw the proof that “Inside Job” was just a half-truth, designed to allow the very government who has ravished the third-world you are so desperately trying to help through your charities and support, get away with the financial crime of the century? Have you made enough millions yet that you would be willing to sacrifice your future movie career to truly educate humanity about the real *Inside Job* that took place and how it is directly responsible for the poverty and destitution that you publicly rally against?

As a fan, I’d like to know the answer to these questions...

So Matt, if you will indulge me for just 15 more minutes, I’d like to explain a few things to you, so that you might publicly address the true nature of the so-called financial collapse of 2007-2008 with a fully informed head. For that, I’ve prepared this video, which is just a short snip-it of a 4-hour documentary that I made on the same subject. Please know that this movie cost me nothing to make – except my valuable personal time – and is offered for free to the public without charge. I’m not selling anything. You see, it doesn’t take 20 million dollars to uncover the truth... not like the budget for “Inside Job”, just a deep passion for the truth and a hell of a lot of research.

Now, if you will, please view this 15 minute excerpt from this free movie, The Great Pension Fund Hoax:

So as you can see, Matt, Inside Job failed to mention the most important information for the comprehension of this whole Ponzi scheme – the fact that government had massive controlling stock investments in these banks, investment corporations, mortgage corporations, and bail-out receivers. In other words, the financial collapse of these corporations was not a collapse at all, but was instead a merger of government investment held and owned corporations through what is called “corporate governance”, as well as the complete and utter theft of billions and billions of dollars from the public. This term, *corporate governance*, was even mentioned once to my surprise in the movie – but with no explanation of what it actually means.

Again, now that you have received this holy grail of comprehension with regards to your documentary’s cover-up, and now that you can see the true nature of government’s complete conflict of interest as major share-holder of every major and important

corporation on the planet – while also regulating the markets and industries those investment held banks and corporations operate under (including the major water companies like Nestle, Coca-cola, and Pepsi that are stealing all of the clean water from the African children you are banging your head against the wall trying to help) – what are you going to do about it?

What will you do...?

I mean, considering that the government also has major controlling shares in the very media industry that has made you such a wealthy and popular icon, do you have the integrity to stand up against the hand that feeds you in order to set into motion the necessary public comprehension that is needed to truly save the world from this organized propaganda and government-military industrial machine?

By the way, here are the investments in media companies, if you can spare another 10 minutes:

So what’s it gonna be, Matt?

Will you be the hero of our generation, exposing this truth to millions?

Or will you continue to support the very government corporate owned structure that is killing the families you’re trying to protect in your charitable organizations?

The choice... and the consequence of inaction is now yours, Matt. Because now you know.

Signed, a fan that hopes #1 is the answer you seek to rectify,

A year or so ago I posted on Fulford’s blog about making a deal with Clint Richardson to look at your town or counties CAFR report...

Clint agreed to take 200.00 which for the amount of hours pouring over the info is probably ten bucks an hour... and then issue a report for you to take to your city council and address the discrepancies...

Clint is the best truther in the country in my opinion... his videos and blog are as solid as it gets... He does this all with no pay and even told me he would work for free when I know he is having trouble paying his rent....

So if people want a real plan as I stated over a year ago.... Find 200. dollars and say Clint I would like you to write a report on my town or counties CAFR....

but please don’t let him work for free... 200. is nothing... I recommend you gather a group of 7 people, accountants, math teachers, mothers, homeowners angry about property taxes and canceled school programs and laid off teachers etc. pay 30 dollars each, have Clint prepare a report and then videotape the council meeting where you read the report into official record.

In most cases he will find millions of dollars hidden in plain sight.

I think the fact that he even starred in this movie was a coup in the first place. Also found the movie to be pretty good overall even if it did not go far enough.

Overall its probably better to have big names get involved with issues like this to some degree to get the word out than to not touch issues like this whatsoever. Shouldn’t this message really be directed to the films writer rather than the narrator?

Remember the days of the Red scare?

Dixie Chicks?

What about the current clamp down on anyone that criticizes pres Obama?

Point taken... but I bet you can't name the writer of this film, or for that matter have ever heard of him.

Matt on the other hand has the power of celebrity, which he can use for the betterment of humanity by reaching millions, though it would probably cost him his career.

I tried to share how the 9/11 Truth movement can help themselves, by filing a dossier with 1st hand evidence with the FBI, but instead they keep making videos and saying “see, this is proof! Why isn’t anyone doing anything about it?”

Simple answer: Because no one has made a legal dossier with first-person evidence following the legal rules of evidence. And this is why I no longer participate in that particular “movement”. I believe it is covertly hiding these facts of the proper legal rules.

And Steven Jones “peer-reviewed” dust doesn’t count, because the chain of custody can’t be established, and is therefore useless to an FBI agent as third party prima facie evidence.

So, it doesn’t matter what you or I say happened. It only matters that the “Truth” movement is worthless without evidence in a proper, formal, investigational form.

And if this was a sarcastic comment, I can only ask why?

Probably not. He isn't stupid. And little Matt Damon is not going to change anything anyway. Did Sean Penn or George Clooney? Dirty Little Secrets – the hidden, awkward origins of World War 2 – the unexpected views of four key diplomats who were close to events

Just consider the following:

· Joseph P. Kennedy, U.S. Ambassador to Britain during the years immediately preceding WW2 was the father of the famous American Kennedy dynasty. James Forrestal the first US Secretary of Defense (1947-1949) quotes him as saying “Chamberlain (the British Prime Minister) stated that America and the world Jews had forced England into the war”. (The Forrestal Diaries ed. Millis, Cassell 1952 p129).

· Count Jerzy Potocki, the Polish Ambassador in Washington, in a report to the Polish Foreign Office in January 1939, is quoted approvingly by the highly respected British military historian Major-General JFC Fuller. Concerning public opinion in America he says “Above all, propaganda here is entirely in Jewish hands...when bearing public ignorance in mind, their propaganda is so effective that people have no real knowledge of the true state of affairs in Europe... It is interesting to observe that in this carefully thought-out campaign... no reference at all is made to Soviet Russia. If that country is mentioned, it is referred to in a friendly manner and people are given the impression that Soviet Russia is part of the democratic group of countries...

Jewry was able not only to establish a dangerous centre in the New World for the dissemination of hatred and enmity, but it also succeeded in dividing the world into two warlike camps...President Roosevelt has been given the power.. to create huge reserves in armaments for a future war which the Jews are deliberately heading for.” (Fuller, JFC: The Decisive Battles of the Western World vol 3 pp 372-374.)

· Hugh Wilson, the American Ambassador in Berlin until 1938, the year before the war broke out, found anti-Semitism in Germany ‘understandable’. This was because before the advent of the Nazis, “the stage, the press, medicine and law [were] crowded with Jews...among the few with money to splurge, a high proportion [were] Jews...the leaders of the Bolshevik movement in Russia, a movement desperately feared in Germany, were Jews. One could feel the spreading resentment and hatred.” (Hugh Wilson: Diplomat between the Wars, Longmans 1941, quoted in Leonard Mosley, Lindbergh, Hodder 1976).

· Sir Nevile Henderson, British Ambassador in Berlin ‘said further that the hostile attitude in Great Britain was the work of Jews and enemies of the Nazis, which was what Hitler thought himself’ (Taylor, AJP: The Origins of the Second World War Penguin 1965, 1987 etc p 324).

Etc etc etc etc – more detail at <http://www.rense.com/general92/dirty.htm>

Nevertheless, on the off chance that he doesn’t know what he’s doing, his options are very limited. Keep on shilling for tptb and stay alive, or, buck the system, and die. Tptb would never allow someone as high-profile as Matt Damon to expose the truth that the US is the Soviet Union dressed up as a freedom fighting nation.

Clint Richardson on his blog comments on Matt Damon's documentary "Inside Job" that focused on the 2008 bubble burst that led to trillion dollar bailouts at taxpayer expense.

I note Clint's 15-min YouTube shown in his article [Dear Matt Damon Part 1] <http://www.youtube.com/watch?v=6nzoF9a1rSw> gives examples from just "two" government investment funds out of hundreds of similar large government investment funds and thousands of smaller government funds that have similar holdings. So when watching keep clearly in your mind the "collective" totals from them all. This is life changing cognitive thinking if you catch it.

Then the second YouTube 11-min in Clint's article [Dear Matt Damon Part 2] (my personal favorite of the two) <http://www.youtube.com/watch?v=e97C5n0Bws4> focuses on governments ownership of the media and ends with an example of one primary item that is a multibillion dollar a year government collectively owned corporate promoted product, bottled water.

At least Russia was honest back in the 30's and 40's when they said: "We own it all". Then in the 80's the US persuaded Russia to modify its ways to the "New" approach of giving the people the "impression" (illusion) that the People "owned it all".

You see, the bottom line of giving that false impression of "the people own it all" is: "You get more productivity out of the horse when it thinks it can catch the carrot being dangled in front of it." AND you can manipulate economic circumstances to steal massive wealth through severe and seemingly random market moves (though controlled) and the people you are taking the massive wealth from are none the wiser.

[NOTE: Excluding those that comprehend the magnitude of what was written above]

Comprehend and learn. Then "maybe" you can change the future for our children and their children's children for the better of one-and-all.
