

What Cops Don't Know May Kill You

6 Votes

Back to some good old fashioned public official confrontations. My favorite!

I was always curious about this, and now I know...

A police officer who does not know what the word “consent” means is just about the most frightening thing I can imagine when dealing with these officers of the corporate code. A whole United States military and police department without such knowledge, and the true nature of our society comes rushing in.

Watch on

Note that this was on Veteran’s Day, and that there was no good reason for these city workers to be replacing this sign on a holiday. It merely changed one word, “dusk”, as the time to exit the park.

Note also that this was very much yet another media photo op, and that they took about 20 minutes to change over this sign while each camera-person got their footage.

Pretty sure... I can't be a supporter of a major or minor political party, or I'd be a hypocrite!
